

THOMSON FASTENER PRODUCTS

Studs, Nuts & Bolting

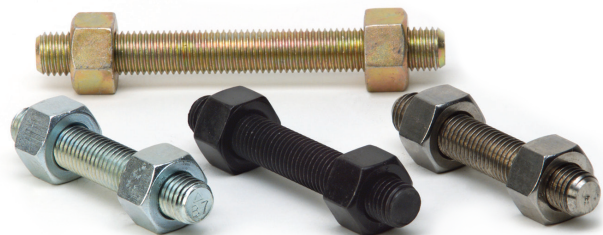

As the industry leader in the manufacturing and supply of Gasketing and Sealing Products, A.R. Thomson Group has now expanded its product offering to include a full line of industrial fasteners.

In addition to custom in-house manufacturing capabilities, we have also established strategic alliances with key US manufacturers. This enables ARTG to supply all your fastener needs including: All-Thread Studs, Heavy Hex Nuts, Cap Screws, Bolts, Flat and Belleville Washers, U-bolts and Structural Bolting.

Products & Materials

- **ALL THREAD STUDS:** ASTM A-193 Grade: B7, B7M, B8, B8M, B16, ASTM A-320 Grade L7, L7M

- **STRUCTURAL FASTENERS:** A-325, A-490
- **WASHERS:** ASTM F-436 Hardened Steel Flat Washers, Stainless Steel & Belleville Washers

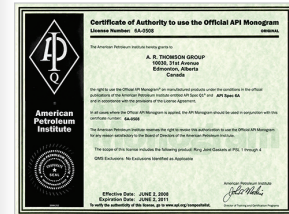

THOMSON FASTENER PRODUCTS

Quality

A.R. Thomson Group has an ongoing commitment to offer high quality products and services.

Our Fastener products are manufactured to the latest editions of ASTM, ASME, ANSI, and AISI Standards. We offer full material traceability, complete with heat codes and lot numbers to ensure 100% compliance to standards. We also provide Positive Material Identification, NACE, ASTM, and Hardness Certification upon request. A.R. Thomson Group is registered to ISO 9001-2000.

Service

A.R. Thomson Group's inventory and custom manufacturing capability enables us to provide immediate response, including 24-hour call out service. We stock B7, B7M and B16 All-Thread rods with diameters from 1/2" thru 2-1/2". Other materials are also available.

Our computerized inventory control, custom order processing, packaging, and material traceability allow us to provide you consistent product and on-time delivery. We have VMI and On-site Trailers services available to ensure that you have access to our products and services, when and where you need it.
