

# MCALLISTER

THE ULTIMATE IN BOILER GASKET PRODUCTS

## Applications

- Boiler Manhole & Handhole Gaskets
- Boiler Door Gaskets
- Furnace Door Seals
- Industrial Oven Door Seals
- Tank Car Lid Seals
- Wire Wipes for Galvanizing
- Specialty Industrial Gaskets

McAllister Mills is a leading manufacturer of High Temperature resistant textiles. Our standard Boiler Gaskets are manufactured from a fiberglass yarn that has been twisted with a brass wire for additional strength and density and then coated with an uncured natural rubber (solvent based). Products are good for continuous service to 500° F. (Pressure to 300 psi)

## Product Advantages

- \* Non - Asbestos
- \* Forms tight seal on uneven flanges
- \* Good for Temperatures to 500° F
- \* Pressure to 300 psi
